

BIG CREOSOTE PLANT FOR GUTHRIE

L. & N. Will Erect a \$140,000 Plant at This Place in Near Future

WILL TREAT THEIR TIMBER

The L. & N. will in the near future erect an extensive Creosote plant at Guthrie, Ky., to cost \$140,000. This plant will be used to chemically treat all cross ties and timbers used on tracks, bridges and trestles. The erection of this plant means a great deal to Guthrie as it will bring quite a number of employees there to work in the plant and will greatly increase the value of property in the town.

Big Picture Film.

The biggest moving picture film on record, soon to be shown at many cinematograph theatres in England and from there doubtless to be taken wherever the English language is spoken, is a reproduction of Richard III., which has cost \$30,000. In this drama without words are included 1,000 actors, 2,000 horses, a three-masted warship, crowded with soldiers, and five battle scenes. Another series of films is being produced portraying the exploits of Sherlock Holmes. These pictures are being made under the personal supervision of Conan Doyle.

Country's Electric Railroads.

The electric railroads of the United States carry more than ten billions of passengers in a year; there are 1,300 of these electric railways; they own and operate 42,000 miles of track and 90,000 cars. They employ 250,000 persons; their capitalization is five billion dollars; their annual gross earnings are \$500,000,000. They operate street, elevated, underground, underwater, inter-urban and partly electrified steam railways. Twenty-six years ago electricity as motive power for any of these purposes were unknown.

CARNEGIE'S LATEST MOVE

Will Pay Pensions to All Ex-Presidents and Their Wives

UNTIL GOVERNMENT ACTS

New York, Nov. 22.—Future ex-presidents of the United States are to be pensioned in the sum of \$25,000 each, annually, by action of the Carnegie Corporation of New York yesterday. The grant is provided for with the idea of enabling former executives of the nation to devote their unique knowledge gained in public affairs to the public good, free from pecuniary care. A similar amount is to be paid widows of ex-presidents as long as they remain unmarried.

The pensions are to be promptly offered to the ex-presidents or their widows, so that no application will be required from them. Payment is to be continued so long as the recipient "remain unprovided for by the government."

FEWER ROADS TO BE BUILT

Future Construction Must Wait Until The Problem Of Today Have Been Settled.

For thirty years we have added an average of about 6,000 miles of new railroad a year to the American transportation system. To build and equip these lines we have drawn from all the markets of the world about \$240,000,000 a year in new capital. Today those who figure on the building of new lines have to face two very serious problems.

The first is the question whether or not, with the rising cost of doing railroad business, new railroads can be operated with a profit. The second is whether or not we can secure the capital. Under present circumstances, as there is a grave uncertainty about the answer to these two searching questions, the builders of railroads in the United States have slowed down.

Most of us do not care to undertake the responsibilities of spending the money that is now necessary to build new lines, and then face the even greater question of operating them at a living profit.

Therefore, under present conditions, the average amount of new railroad in this country in the next few years will fall short of the average for the last thirty years. No new lines of importance are being projected. The only expansion going on is a very minor matter, a matter of little extensions into rich sections of important spurs and feeders. The builders of the railroads must wait until the problems of today are settled before they can plunge ahead and give their ambitions and their constructive plans free rein.—B. F. Yoakum in World's Work Magazine.

PASSENGER IS PICKED UP BY HYDRO-AEROPLANE.

Army Officer Raised From Motor-Boat And Craft Circles Water.

Newport Beach, Cal., Nov. 23.—What was said to be the first time a hydro-aeroplane ever took a passenger aboard from a motor-boat, was accomplished here, yesterday, when Glenn Martin, the aviator, picked Colonel O. H. McKinstry, U. S. A., off a launch in Newport Bay, circled over the waters for a time and then flew safely to land.

"DAM." SAYS THE JUDGE AS HE SEES CALENDAR

He Wasn't Swearing. He Just Couldn't Go Any Further.

New York, Nov. 23.—"Dam" fell from the lips of Judge Cox in the United States Circuit Court of Appeals today as he scrutinized the court calendar. The startled clerk took the paper the judge handed to him. Then the clerk, too, said, "dam." But he got no further. With the air of a man who gives up guessing, he called "No 17." The case up for trial was:

"Dampatiesacktieselsapabet versus the United Fruit Company."

It is now known as the case of "The Alphabet versus United Fruit."

"The Tell Tale Shell," American. This is a picture that you will enjoy. Come out to the Princess tomorrow night.

NEW DEPOT AN ASSURED FACT

Supervisor of Bridges and Buildings, McVay, Says Work Will Begin Soon

EARLINGTON WILL

NOT BE LEFT OUT

That Earlington is to have a new depot in place of the unsightly building that now stands at the crossing of main and railroad streets is an assured fact. Supervisor of bridges and buildings, McVay, said, work would begin on this building in a short time. The citizens of Earlington are delighted to hear this as Earlington is about the only station on the Henderson division that no improvements have been made since the new line of track was finished. Guthrie, Trenton, Pembroke, Kelly's, Crofton, Madisonville, Hanson, Saughters, Sobree and Rehards, all have a nice depot and a number of them concrete platforms, but none of them will compare with the Earlington depot when it is completed. This is one of the cases where the first shall be last and the last shall be first.

First Lunch County Car.

A Pacific railroad has installed a lunch counter car on a train running from San Francisco to Los Angeles. The counter extends the length of the car along one side, with the regulation lunch counter stools in front of the counter. Meals will be served at all hours. Those newspapers which report this as the first lunch counter car ever run in America should look up their history. The Philadelphia, Wilmington and Baltimore ran two such cars between Baltimore and Philadelphia for about three years, 1863-66, as reported in the Railroad Gazette of December 19, 1844. "The eating bar" was about 25 feet long, the car 50 feet long, being divided by a transverse partition in the middle and half of it being used as a smoking car.—Railway Age Gazette.

Second Fire in Two Weeks.

Saturday morning about two o'clock the house on Farren Ave. belonging to W. O. McLeod, Madisonville, Ky., caught on fire and was making good headway to do serious work, when the efficient fire department arrived and in a few minutes had it under perfect control. The origin of the fire not known, but is supposed to have caught from fire in grate left by some trespasser. The house was being used for storage room by H. B. Sellers of Robards, Ky.

LITTLE DIXIE WILL NOT RUN

This Winter L. & N. People Will Put on a High Ball Run Instead

TO BE KNOWN AS

THE TRAIN DeLUXE

To those who are interested and have been wondering when the Little Dixie would be put on, The Bee is in a position to say this train will not be put on this winter. The L. & N. have decided to let the regular Dixie Flyer do local work between Henderson and Guthrie and will on Dec. 15th put on a through fast train to be known as the DeLuxe. This train will not carry a day coach but will be composed of Pullman and Buffet coaches and will stop only at Henderson, Earlington and Guthrie on the Henderson division. A new time card will be issued early in December and there will likely be some changes in the time of the Dixie Flyer and possible some other passenger trains.

DYNAMITE STOLEN

FOR UNION JOBS.

M'Manigal Tells How He Carried Explosive To Indianapolis.

Indianapolis, Ind., Nov. 23.—Stealing 1,200 pounds of dynamite, hiding it in a shed at Tiffin, O. and then, in suit cases, transporting it on passenger trains to Indianapolis, is an experience related by Ortie E. McManigal at the "dynamite conspiracy" trial to day.

It was the explosive used by McManigal and McNaramas after the Los Angeles Time explosion and by which ten "nonunion" jobs were blown up in spite of the fact, the witness said, that detectives for two months had been on the trail of the dynamiters.

Confident that the agitation over the Los Angeles explosions would "blow over" and that James B. McNarama would be free to do more "jobs," McManigal added, plans were begun in January, 1911, to carry on the dynamite campaign with zest.

SAYS HAWK IS VALUABLE

California Bulletin Asserts Each Bird Is Worth \$20 A Year To The Farmer.

Sacramento, Nov. 23.—"The hawk is among the most valuable of birds if not the most valuable, of birds that wage war against the foes of the farm," according to a bulletin issued today by the California fish and game commission.

It is estimated that in the course of a year every hawk or owl kills at least a thousand mice, rats or their equivalent of harmful animals. Figured out in dollars and cents, basing the computation on the theory that a mouse or animal pest does a farmer 2 cents damage a year, each hawk and owl is declared to be worth just \$20 to the farmer.

Cheerful Breakfasters.

Great Kidney Remedy Saves Two Children In One Family

About one year ago two of my children suffered badly from weak kidneys and diabetes. They would have severe spells of dizziness and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results and I decided to get some for the children. I had noticed that there were some improvement after they had taken two large bottles and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried and recommend it to any one having children suffer as mine did.

Temperance

REACHING THE LOGICAL GOAL

Gradual but Practical Gains of Reform Movement From Start to Present Date.

(By CHRISTINE L. TINLING.)

At the beginning of the reform movement, when an earnest minister suggested some improvement in the drinking customs, a leading paper said, "None but an insane person could advocate such a cause." Those were the days when liquor reigned supreme.

Then came the moderate pledge against wine and beer, not more than a glass at a sitting, not more than a pint a day. A total abstinence pledge was considered absurd, there was no sense in going so far. What would those old folks think if they could today see the vast array of total abstainers? What would they think of that decision of the United States Supreme Court that "there is no inherent right in a citizen to sell intoxicating drink, and that the business is attended with danger to the community?" What would they think of the authoritative statements of our great doctors that the value of alcohol, as a medicine, is practically nil, and that it would have been better for the world if it had never been known? We have come a long way and the only logical conclusion will be found in national prohibition.

MUCH DRYNESS IN MISSOURI

Difficulties Encountered by Party of Convivial Friends While Traveling in West.

A party of convivial friends got on the train at Memphis, Tenn., without replenishing their whiskey bottles. They were going West. By and by one of the men got off to get a drink. It was a dry Arkansas town. He got none. One of the others tried it at the next good-sized town, but no handy depot saloon appeared. Three times they made a rush on Arkansas soil, only to come back dry and disconsolate.

"Wait till we strike Missouri, boys!" they said. At West Plains, Mo., their best forager did a lightning act, but came back empty handed. A county map was procured. "Try the next county." So at Cabool, Mo., two thirsty men made the run, but all in vain.

At Mountain Grove, in the next county, the entire party of three, frantic for a drink, dashed out of the coach as it stopped. They came back soberly and sadly.

"Boys," said the leader, "you see how it's a-going. We'll soon have to cross the ocean to get a drink of beer. Blamed if the whole Mississippi Valley isn't going dry!"

RIGHT TO PROHIBIT LIQUOR

Only Reasonable to Stop Sale of Alcoholic Beverages, Cause of Misery to Mankind.

Some one says he does not believe in prohibition. Then he ought to move out of the United States, for more than half of the laws under which he lives are prohibitory. The law says we shall not steal, burn houses, make counterfeit money, kill men. If it is right to prohibit shooting quail out of season, letting down a neighbor's fence, using a cancelled stamp, throwing dynamite into the river to kill fish, a man gadding about when there is smallpox in his family—then why is it not reasonable and right to prohibit the sale of alcoholic beverages, which cause more misery than all these other things combined?

The Usual Experience.

The most largely populated county in Missouri, outside her metropolitan cities themselves, is Jasper, the famous "one hundred million dollar" county. In 1910 a series of the hottest local option battles ever fought in the state made the whole county dry, and all of its cities and villages except Joplin. After a year's trial of the new regime the court records showed that wet Joplin with less than a third of the county's population had produced over 70 per cent. of all the crime in the county.

Bread or Beer.

"Our children cry for bread!" was a conspicuous motto on one of the banners borne one day through the streets of Chicago by a procession of inebriated men, another of whose mottoes was: "Bread or blood!" Yet on the same day these men paid for beer over \$1,400! Enough to buy 28,000 loaves of bread—sufficient to feed 30,000 children one day.—A. A. Hopkins, Ph. D.

Steamer Without Bar.

It is stated that the steamer Washington Irving, now being built for passenger service on the Hudson river, between New York and Albany, and planned to have a larger passenger-carrying capacity than any other craft in the world, will have no bar.

No Right to License.

No nation has the right to license shame. No right to make it easy to do wrong! No right to sanction by a paltry fine, the awful ruin of a soul sublime.—Antoinette A. Hawley.

THREE GRAND ENTERTAINMENTS

Miss Etta Arthur, Niece of Ex-
President Arthur, Will Give
Illustrated Lectures at
Princess Theatre.

PICTURE SPECIALS

The Yobbaur Lecture and Feature
Film Company, of Kansas
City, will present Miss Etta Arthur, a niece of ex-president Arthur, in a series of three lectures at the Princess Theatre, commencing Thursday, November 28,—
"U. S. Army and Navy." Friday, November 29,—
"Shakespeare's Plays," Othello, Hamlet, Macbeth and Merchant of Venice.
Saturday night, November 30,—
"Dante's 'Inferno' Paradise."
The lectures are fully illus-

trated with Moving Pictures of a
very superior order; in fact, the
United States Government co-
operated with Miss Arthur in the
production of the pictures and
gave every assistance in order
that every detail of the two
branches of our defense might be
fully and completely given from
and including West Point and
Annapolis all the way through
every department, and it is said
these are the most complete pic-
tures of these subjects ever made
and will be fully lectured. An
added attraction will be one reel
showing the mobilization, the as-
sembling together of the entire
American Navy at New York, a

few days ago, and its inspection
by President Taft and Secretary
Meyer. The greatest aggrega-
tion of Battleships ever gathered
together. A mighty scene, and
first time shown in Kentucky.

The Shakespearean plays, very
naturally, are of a most superb
order, being acted by the best
possible talent, correctly cos-
tumed, and while the scenic ef-
fects are of a most elaborate na-
ture, which, with the lectures,
will make this production of the
four Shakespeare plays well
worth while.

Saturday will be Dante's day,
when the immortal poet's great-
est work, "The Inferno" will be
the bill. This is said to be the
greatest Moving Picture ever
made showing all the horrors of
Hell as seen through the great
Epic Poets eyes. The "Titanic" will also be shown on Saturday.

Miss Arthur is well known on
the lecture platform and her idea
of illustrating her lectures is
both unique and original, espe-
cially in that she uses moving pic-
tures instead of slides. She will
no doubt have a splendid recep-
tion in Earlington, as her en-
tertainments well deserve, for
they are not only highly instruc-
tive from an educational view-
point but to those who know
nothing of these great works they
are as a grand moving picture
spectacle works of superior merit.

The price Mr. Cansler has ar-
ranged to be most popular—10
and 20c.

UNION THANKSGIVING SERVICE

Rev. W. A. Grant to Preach the Service.

Union Thanksgiving Services will
be held Thursday evening at the
Christian church, beginning promp-
tly at 10:30 o'clock, Rev. W. A. Grant
the new pastor of the M. E. Church
South will preach the sermon, the
churches of the city uniting in the
service. It is earnestly hoped that
the singers of all the churches will
be present and assist in the song
service.

It is fitting that the day be ob-
served in a religious manner and no
doubt there will be a large atten-
dance.

FRENCH BIRTH RATE SHOWS DECREASE OF 100,000

More Deaths Than Births, Some Years
In French Republic.

Paris, Nov. 23.—The birth rate
of France was lower by more
than 100,000 in 1911 than 1901.
Louis Koltz, minister of finance
announcing this fact to the com-
mission on depopulation at its
first session to-day, said:

"Military inferiority, economic
inferiority and the diminution
of the power of France in the
world will sooner or later be the
inevitable consequences of the
sterility of our nation."

More Deaths Than Births.

The number of births last year,
according to M. Koltz, was only
742,114 in the whole of France,
against 857,271 a decade ago. In
1907 and 1911, he said, the deaths
actually exceeded the births.
This was, he continued, a sad
state of things and a danger to
the country, placing France in a
situation of inferiority in com-
parison with the other great
nations.

The lower birth rate, while a
perplexing phenomenon among
all civilized peoples, was, the
minister said, a greater problem
in France than elsewhere. In
Germany the births exceeded the
deaths of 1910 by 879,113, in
Austria Hungary by 573,750, in
Great Britain by 413,779, and in
Italy by 401,771, but in France
by only 71,418.

Deafness Cannot be Cured

by local applications, as they cannot reach the
diseased portion of the ear. There is only one
way to cure deafness, and that is by constitu-
tional remedies. Deafness is caused by an inflamed
condition of the mucous lining of the Eustachian
Tube. When this tube is inflamed you have a
rumbling sound or imperfect hearing, and when
it is entirely closed, deafness is the result, and
unless the inflammation can be taken out and
this tube restored to its normal condition, hearing
will be destroyed forever; nine cases out of ten
are caused by Catarrh, which is nothing but an
inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case
of Deafness (caused by catarrh) that cannot be
cured by Hall's Catarrh Cure. Send for cir-
culars, free.

**Ballard's
Snow Liniment**
It is a Powerful Preventive, as
Well as a Speedy Cure

Rub it in on the parts affected, whenever the conditions seem to indicate a spell of this painful ailment; it will warm the joints and ward off the trouble. If the disorder has already commenced, the treatment is the same, the rubbing helps the liniment to penetrate to the seat of pain. The relief is prompt and very satisfactory; the aching joints are relieved, the muscles relaxed so that the sufferer feels again the strength and suppleness of youth.

For flesh wounds of all kinds, it is a wonderful remedy. Try it for cuts, burns, bruises, sores, galla, chafed spots, barbed wire cuts, sprains, swellings, frost bites. It cures quickly and completely.

Misses Fawcett Entertain.

Misses Hazel and Lucy Fawcett entertained at Five Hundred for their guest, Miss Lavinia Edwards, of Walton, Ky., who was a school mate last year at State University of Miss Hazel Fawcett.

Miss Edwards is a very attractive girl and has made many friends during her visit here. The following girls: Misses Margaret and Louise McPherson, Margaret and Catherine Victory, of Earlington; Metabeth Sory and her guest, Elizabeth Green, of Ohatauoga; Agnes Bailey, Francis Elgin, Lurline Coil, Zilpah Morehead, of Earlington, Kathleen Spillman of Earlington and Lavinia Edwards played many enthusiastic games and contested for the prize, a volume of the charming "Romance of Billy Goat Hill," which was won by Miss Louise McPherson. The honoree and Miss Katherine Victory drew for the booby prize, a toy white poodle, which was won by Miss Victory.

During the enjoyable social hour, which followed the games, a most appetizing two course luncheon was served.

Nymphs.

Miss Mary Arner Jennings very delightfully entertained the Nymphs Saturday evening at her home on Seminary street. All twelve of the members were present to enjoy her charming hospitality, and the moving picture shows which they attended in a body.

After returning to the home of the hostess the girls enjoyed music and dancing until a late hour, when they were served a delicious luncheon, after which they adjourned to meet Thanksgiving with Miss Katherine Givens on Scott street.

DAKOTAN THREATENS TO KILL WOODROW WILSON.

One-Armed Man Arrested When He Declares He Will Kill President Elect.

Colorado Springs, Colo., Nov. 23.—Declaring that he will kill President Elect Wilson if he ever gets a chance, John Cohn, a one-armed man arrested here today on a charge of disturbing the peace, is being held by the local police pending word from secret service operatives.

If not wanted by the government, his mental condition will be examined by local authorities.

Cohn admitted that he was arrested in New Orleans when President Taft appeared in that city on his last tour of the country, and also was arrested in Chicago last fall when Colonel Roosevelt spoke there.

Evidence has been disclosed tending to show that he shadowed Governor Wilson at a number of places throughout the country during the recent campaign.

Cohn is said to have been adjudged insane at one time at Cissleton, S. D. where he owns a farm.

First Lady Diplomat.

It is not America but Europe that is to be first to recognize the petticoat diplomat. Brussels, in Belgium, is to be the place where this recognition is to take place. Dr. Luisi, minister plenipotentiary, representing officially the Republic of Uruguay, has presented proper papers to King Albert of Belgium, and will hereafter be received at court with all the honors given to ambassadors and ministers of foreign powers. And this South American diplomat is a woman, Mademoiselle Clotilde Luisi, doctor of laws of the University of Montevideo. The new minister is young, unmarried and, it is said, pretty. The secretaries and attaches of the different embassies at Brussels are now striving in gallantry to make favor with the first woman to arrive at a dignity which had apparently never even been thought of by the most audacious suffragettes.

HOW CHRONIC COUGHS

Are Being Cured by Vinol.

Did you ever cough for a month? Then just think how distressing it must be to have a cough hang on for three months.

Mrs. Maria Primrose, of 87 Newell Street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough, which kept me awake nights for fully three months, and felt tired all the time because my rest was broken so much. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest, and I feel much stronger in every way."

It is the combined action of the medicinal elements, cods' livers, aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient in curing chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol, with the understanding that your money will be returned if it does not help you. Sold by ST. BERNARD MINING CO., Incorporated, Drug Department, Earlington, Kentucky.

Little Bobby had been eating raspberry pie and had left the marks of it at both sides of his mouth, when a little friend of three came in and said to Bobbie's mother: "Mrs. C., can I have some of what Bobbie's got on his face?"

There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them." says Mrs. R. A. Donaldson, of Lexington, Miss. For sale by all Dealers.

COLORED COLUMN.

REV. J. H. EVANS, EDITOR

Mrs. Hattie Patton remains very sick.

Mrs. Beatrice Berry, of St. Louis is at home visiting her father and another, Mr. and Mrs. T. W. Shelton.

Early at the Mt. Zion Baptist church last Sunday was the consideration that the revival is still in progress. The total amount raised Sunday was \$115.70 with two committees yet to report. The revival is still in progress. We have had to date twenty-seven converts and still have many anxious seekers.

Last Sunday was indeed a great day for the Baptists in Earlington.

Rev. P. H. Kennedy, D. D. of our State Missionary was with us Sunday and preached two most excellent sermons to large and appreciative audiences. Indeed the grand old man seemed to have taken on again his youthful strength. He expounded the gospel as we have never heard him before. After the morning ser-

vice Rev. J. R. Evans with a large host of people led seventeen of the happy candidates down to the water where they put on Christ by baptism. It was pronounced by all present that it was the most impressive baptismal service ever held in Earlington. There are others awaiting baptism and the meeting is still in progress.

Rev. C. Carter, of Owensboro, Ky. has moved to Earlington. He says he will make this his future home.

On Nov. 20th there was born to Mr. and Mrs. Napoleon Wainfield a fine girl. Mother and baby are both doing well at this writing.

Mrs. Eda Worthum's grandchild, that has been so sick is much improved.

We shall expect all the members and friends at the Baptist church Thursday morning to Thanksgiving services. Praise service at 10 A. M. and a sermon at 11 A. M.

The money raised at that service will be paid on the piano.

The Parent-Teachers Association

will hold its monthly meeting next Wednesday after noon. A special program will be rendered. All parents and friends are cordially invited to be present.

MORTONS GAP.

The following persons are sick: Mrs. Amanda Young, Lela Torian, Lucy Watson, Lasalle Hopson, Eunice F. Hopson and Ethel Brown.

Revival meeting is in progress at the A. M. E. church. Rev. Duncan pastor.

Mrs. Georgia Brown, went to Madisonville to visit her mother, Mrs. L. L. Brown.

Prof. W. T. Green, of Nashville, Tenn., Medical College, was in the city Sunday. He is traveling in the interest of the Howard severance Co. 316-318 W. Washington St. Chicago, Ill. He met with quite a success in his work here and made many friends. Prof. Green is an able man. We need more of such men. He will return again about Dec. 15th. His subject will be Obedience.

Oble, little son of Mr. and Mrs.

Flinnie Roach is very ill.

Mr. Sam Reynolds, who lost a leg by an accident in the mines here and has been in the hospital at Earlington, returned home Monday.

SAVE YOUR HAIR

While You Have Hair to Save. Use Newbro's Herpicide.

Every woman who is obliged to wear false hair or make a toupee, feels that it is a misfortune. What makes the burden so doubly hard to bear is the knowledge that the loss of natural hair could, in most instances, have been easily avoided. The arch enemy of good hair is the dandruff germ. This is now a well established scientific fact. There is one remedy on the market which, used regularly, will kill the germ and keep out every trace of dandruff. This remedy is Newbro's Herpicide long known as the Original Dandruff Germ Destroyer. By keeping the scalp clean, Herpicide not only prevents the hair from falling out but allows it to grow as nature intended. Boon in time and its use persisted in, this valuable remedy insures a nice healthy head of hair.

Herpicide imparts a life and luster to dull, dead, brittle hair making it light, fluffy and beautiful. Don't wait. Begin now to save your hair. We guarantee the one dollar size bottle.
